EDUCATION

Simon Fraser University

JAN 2021-MAY 2025

Interactive Arts and Technology, BSc.

- Co-operative Education
- Concentration in Design & Interactive System

LANGUAGES

- Korean
- English

WORK EXPERIENCE

Simon Fraser University Graduate Studies

AUG 2023-AUG 2024

Communications and Marketing Associate | Full time Co-op

- Managed and updated the SFU Graduate Studies website using Adobe Experience Manager (AEM) and HTML/CSS.
- Redesigned internal forms in InDesign, adding interactive fields that improved usability and aligned with brand guidelines.
- Produced digital and print assets (banners, posters, social graphics) supporting campus-wide outreach initiatives.
- Revamped the Canvas orientation course layout and graphics, enhancing onboarding for 1,000+ students annually.
- Revitalized an internal HTML-based student profile generator, enabling the CAPE team to create 100+ student profile pages, a tool still in use beyond my co-op term.

PROJECTS

FLUI Design Hackathon - Banana Art Lab

FEB 2025

UI/UX Designer | Client-Based Project

- Redesigned website booking system and navigation in a 3-day hackathon, aligning with brand identity.
- Delivered moodboards, wireframes, mockups, prototypes and illustrations using Figma.

Jadeco

SEP-DEC 2024

UX & Branding | Client-Based Academic Project

- Conducted field research on jade retail experiences in Vancouver.
- Produced user journey maps, storyboards, and a brand video, aligning strategy with local market.

Caring Connections

NOV-DEC 2024

Game Visual Designer | Academic Project

- Designed board game cards, boards, and custom icons for a cohesive visual system.
- Edited promotional trailer and co-authored engaging rulebook for clear gameplay.

Tatreez

FEB-APR 2023

UI/UX Designer | Academic Project

- Designed a cross-stitch web app in Figma for beginner and advanced users.
- Refined interface through user testing, heuristic evaluation, and mapped user flows.
